HAMILTON TO DEFEND YELLOW DOG IN COURT SENATE AFTER

Refuses to Appear Before Fowler Committee of N. Y. Life Trustees.

When the Fowler Committee of the New York Life Insurance Company met this afternoon to continue its housecleaning investigation acting Chairman Clarence Mackay got a letter from "Judge" Andrew Hamilton that contained another fusillade of envenomed barbs for the trustees of the company

and a few stings for the committee. In addition to accusing the committee of endeavoring to wear a "newspaper halo" he accuses it, by insinuation, of deliberately suppressing documents on the files of the New York Life relating to the expenditures of money by him as its legislative agent. He refuses to go before the committee, accusing it of bias, and declares he will have his day in court when the suits against him are brought in open tribunal.

The letter, dated to-day, received by Mr. Mackay and read to his fellowmembers of the house-cleaning committee is as follows:

"Gentlemen-I am replying to the only communication received by me from your body since my return. It is doubtless quite evident that by this time you should be yourselves satisfied that the statements contained in your report of Feb. 7, 1906, in regard to your examination of my account are seriously wrong, and that when you rushed into print in order that you might wear a 'newspaper halo' you had not, as you report incorrectly states, 'obtained all the in-formation about this subject that is accessible." "

Documents Ignored.

Will Not Deny Story.

The "Judge" was asked about his reported deciaration that powerful influences were exerted to hold him in Paris while the Armstrong committee's investigation was in progress, and that he was kept abroad when it was his wish to come to the aid of President McCail. He said on this score:

"I did not say that, but I don't say that it isn't true."

Friends of Hamilton declare that while his resentment against Mr. Perkins is parily due to the latter's failure to fight for Mr. McCail in the board meetings, there are other and deeper reasons for his desire to even up scores with the partner of J. P. Norgan.

It is also asserted that all of the broadsides heretofore delivered by Hamilton will seem trivial when he turns his batteries upon Mr. Perkins, and that his real fight will centre upon the issues when questioned about the investing will then raise.

When questioned about the investing to see Mr. Jerome were bosh. He added:

"I am not going to say anything to service."

He added:

"I am not going to say anything to anybody, no matter what the cost to me may be, of men or methods in my operations for the New York Life. I was retained in my capacity as lawyer and the company was my client. All confidential matters which came up between us as lawyer and client will remain confidential with me to the nd."

GOVERNOR AGAIN DENIES HAMILTON'S STORY OF ROOT'S INTERFERENCE.

ALBANY, March 21.-Gov. Higgins in most unequivocal fashion today repeated his denial of the published assertion attributed to Andrew Hamilton, that he had agreed with Elihu Root last summer, or at any other time, that insurance matters were not to be injected into the special session of the Legislature called to consider the accusations against Supreme Court Justice Warren B. Hooker.

"I have never passed a word with Mr. Root on the subject of insurance in any shape or form," said the Governor with emphasis. "Some one might suggest," said an interviewer, "that you might

have had some indirect communication with him." "Neither direct or indirect," said the Governor, adding, jocosely: "I'll give you a bond for it if you wish."

LAST FOUND WHAT THEY HAVE BEEN LOOKING FOR A CORSET THAT ACTUALLY REDUCES THE FIGURE WITH-OUT THE SLIGHTEST DISCOMFORT.

The enormous sale of the NEW NEMO SELF-REDUC-ING CORSET with RELIEF STRAP, introduced last September, proves this.

Its ingenious devices produce results not heretofore possible in other corsets. It gives perfect symmetrical proportions and reduces the abdomen so effectively that when worn the first time the skirt has to be taken in from four to five inches. This New Nemo Self-Reducing Corset

is a great improvement over the old one, of which 2,000,000 It retains the original "Self-Reducing Idea," to which has been added—the New Relief Strap, the New Graduated Front Steel and the New Double Garter Attachment. These patented features are simply invaluable to women who are physically weak and to those who stand or walk a great deal.

New Nemo Self-Reducing Corset with Bust Supporter It is unquestionably the most complete and satisfactory stout woman's corset ever made. It has all the meritorious features of the New Self-Reducing Corset with the new "Bust Supporter" as a valuable additional feature.

This "Bust Supporter," which is the latest novelty in corset invention, gives perfect support to the sides of a well developed bust,

bringing it more to the front and avoiding that unsightly ridge at the top of the corset. This gives the appearance of a tall figure
